If you have a dream, or if you want to discover your vision, remember this: God loves dreamers. He gives visions, and He is attracted to people who love to dream big. Don't forget that you are unique, special, and irreplaceable. You are not meant to be like anyone else.

**When you decide to be part of the norm, your destiny is shortchanged.** God wants you to stir up the gift He has given you and to develop it to the fullest.

### *Take a Lesson From The Winners and Doers...*

What is the difference between the dreamer who realizes his dream, and the dreamer whose dream becomes a nightmare of unfulfilled hopes?

The dreamer who succeeds is someone who has a clear vision and acts on it. As long as a person can hold on to his vision, then there is always a chance for him to move out of his present circumstances and toward the fulfillment of his purpose.

### *Living Your Life's Vision!*

If you feel trapped, underemployed, or underutilized in your job; if you own your own business and want it to grow; if you want to know how to pursue your goals in life; if you are the leader of an organization or group; if your children are grown or in school now, and you are considering reviving old interests, or wherever you are in life right now, my desire is that you will be inspired, motivated, and challenged to get back in the race toward your dream, to get back the passion toward your goal.

I want you to achieve your greatest in God's purpose for your life. I want you to get off the rocking horse and find a living stallion— your life's vision.

To do this, you need to understand and put into practice principles that transcend current trends and even conventional wisdom.

In this way, your success will not be dependent on the state of the economy, what careers are currently in demand, or what the job market is like. You will not be hindered by what people think you are capable of or your initial lack of resources.

### *Take Your Life Out of Neutral!*

*You are the sum total of the choices and decisions you make every day.* You can choose to stay where you are, or you can choose to pursue your dream. I challenge you to stop making excuses for why you can't accomplish what you were born to do.

*You possess the power and the responsibility to determine your future and destiny.* Remember, you were created to accomplish something that no one else can accomplish.

Never expect anything less than the highest thing you could go after. Don't let people tell you, "You shouldn't have high expectations." Dream big.

No matter how challenging it gets, don't give up, because your vision is the key to fulfilling your life's purpose.

***Affirmation:***

*I have a dream and my dream is from God! I am unique and different from everyone else. Henceforth, I'll live for the fulfillment of my life's dream.*
