So many questions have been asked concerning the person of Jesus. Articles have been published and likewise journals and newsletters have been sent across different continents to ensure the knowledge of this Person spreads beyond boundaries.

However, I've come to realize that, in spite of what has been taught and read about the Man Jesus, the world is still in dilemma and thereby seeking answers. Hence, the need for this article.

Let's Go Deeper!

It's important for me to make you understand at this juncture that, the Man Jesus, is not someone anyone, including myself can teach you to know or understand. He's a Person that needs to be found personally.

He's not a teaching and neither is He a piece of information google or Wikipedia can explain to you. Listen to this, some of the articles on Internet about this Man Jesus are fallacies, lies, and doctrinal misinterpretation. Well, some might be sincere but at the same time be sincerely wrong about what they know and disseminated.

The most saddening part of it is when those who claim to follow Him know Him by what they are taught. They become to gullible to the extent of being tossed to and fro by different doctrines.

My friend, Jesus isn't a religious man. And neither is He a Christian. The reason we have so many controversies and arguments in the world about Jesus today is our failure to understand and acknowledge the truth that, He's didn't come to form a religion called Christianity. ***Rather, He came to put a stop to religion by giving us a LIFE.***

Everyone on earth knows life is beyond what we see now. We know there's something missing about this life we're living. We crave for fulfillment, higher life and dominion. But we couldn't lay hold on it. Why? Religion has blindfolded our eyes from the Truth that can set us.

My friend, that Higher Life and Fulfillment your heart crave for is what the Man Jesus came to give to us. He is not a prophet. He is not Buddha, Allah, Yoga, and other religious name. He is LIFE and He came to give us that LIFE.

There's a lot I want to share with you about Him but I would love you to know Him personally.

So, stop your blind date with Jesus and search for him with your heart involved personally.
